

16th International Congress on the Chemistry of Cement

Bangkok Thailand
 September 18-22, 2023

INSTRUCTIONS FOR ONLINE DELEGATE/STUDENT PARTICIPATION

All registered online delegates/students will be connected to the congress presentations through Zoom Program. Each delegate/student will use his/her own full name and surname for signing-in to the Zoom. Please make sure that your registered name can be identified.

The presentation at the venue will be conducted on the 22nd floor of Centara Grand & Bangkok Convention Centre at CentralWorld in three different halls: Hall A, Hall B and Hall C. There will be no online presentation by any author.

The meeting ID and password for each Hall and each session will be sent to each delegate/student through the registered email address before September 16, 2023. During the presentation, if there is any question, each delegate/student can send the questions to the emails of the respective authors (if shown in the papers). If there is any difficulty/problem during the live presentation, please email to iccc2023.tca@gmail.com or you may send a message through chat to the ICCC 2023 live admin.

Each delegate/student should be able to download the papers/posters (if available) used during the congress by the ICCC 2023 mobile application both in the App Store for iOS and in the Play Store for Android in the name of “16th ICCC 2023” (available before September 16, 2023).

If there is any question, please email to iccc2023.tca@gmail.com.
